PRESS RELEASE

PRICING ERRATA IN CADALYST LABS SOFTWARE REVIEW OF NOTIXIA PLM 1.1

MONTRÉAL, CANADA, May 1st, 2008 – This press release is to correct an error in the pricing of Notixia PLM 1.1 software solution in the software review done by Cadalyst Labs released on January 24th 2008.

The article is stating a license pricing of 5 000\$ for 5 licenses but should have stated 5 000\$ per client license (for all base modules of the solution). The reviewed software configuration is available starting at 3 000\$ per client license. Notixia also wants to state that all client licenses are floating licenses (concurrent licenses). License packages starting a 20 000\$ for a 5 full licenses are also available.
